Trade Mission to Brazil

May 14 - 18, 2018

ACCELERATE YOUR EXPORT SALES!

Be a part of the VEDP's Trade Mission to Brazil and enjoy private, one-on-one meetings with prospective customers and partners. These well-planned visits are business meetings arranged on your behalf, with your input, to save you time and maximize your results.

WHY BRAZIL?

Brazil's economy has well-developed agricultural, mining, manufacturing, and service sectors, and a rapidly expanding middle class. Brazil's economy outweighs that of all other South American countries and is expanding its presence in world markets.

With 202 million consumers, Brazil is the 7th largest economy in the world and represents half of the economy of Latin America. Brazil is projected to be the 5th largest consumer market by 2020, ahead of France and the United Kingdom.

The United States and Brazil have always had a close trading partnership. In 2015, Brazil ranked 11th among U.S. export destinations and 10th among Virginia export destinations. In 2015, U.S. exports to Brazil totaled \$521 million USD, with leading industries as Aircraft & Spacecraft, Mineral Fuels and Oils, and Industrial Machinery.

Brazil has a diversified economy with well-developed industrial and services sectors, ranging from aerospace multinationals and IT start-ups to sophisticated financial companies.
