

FARNBOROUGH AIRSHOW 2018

Farnborough Airshow 2018

July 16 - 22, 2018 in Hampshire, England

ACCELERATE YOUR EXPORT SALES!

Join VEDP's booth to exhibit your company's products and services at the Farnborough Airshow 2018 in Hampshire, England.

Virginia's booth serves as the ideal 'home base' while you walk the show to connect with new partners.

Enjoy the convenience of Virginia personnel in the booth to take messages and greet visitors while you network with relevant prospects.

WHY ATTEND?

The Farnborough Airshow provides the most diverse range of exhibitors from core sectors of the aerospace industry: Space, Civil, Military, Manufacturing Technology, Rotary and MRO. With over 1500 exhibitors from all over the world, it's a very effective and efficient way to meeting with potential customers and suppliers.

The Farnborough Airshow offers innovative and diverse exhibition showcases and exceptional networking opportunities. Further, the Air Show offers a delegations program that allows exhibitors from all tiers to engage with key decision makers and influencers.

FIA saw representation from over 39 countries in 2014, hosting 18 National Pavilions including the US, Europe, South America and the Middle East, as well as standalone exhibitors. National Pavilions are an excellent opportunity for SME organizations to participate in the show and secure new export sales. In 2014, FIA saw over 230 US companies participating as part of the US Pavilion, its biggest presence to date.

CLIENT TESTIMONIALS

“Our company had a very successful [Trade Show]. We made many contacts that will facilitate our business development and growth in sales. We have been awarded a maintenance supply contract that should increase our export sales.”

“The VEDP contacts onsite were a wealth of knowledge and extremely helpful. I look forward to attending additional trade shows with VEDP in the future!”

“Sincere appreciation to all at VEDP for support prior to and throughout the show. This ranged from hotel and travel information, Virginia booth capabilities recommendation, ticket availability, to IT support at the booth.”
