

TRADE SHOW

SMM 2024

September 3–6, 2024 | Hamburg, Germany

Registration Deadline | June 14, 2024

SMM is the leading international maritime trade fair and offers an overview of all sectors of the maritime industry and its leading companies and organizations. Exhibitors include large-scale industrial ship and shipyard engineering, ship fittings and equipment, cargo handling systems, offshore engineering, and maritime services, among others. Held every two years, the 2024 show is the 31st edition of SMM. This year SMM will highlight green technology, marine interiors, advanced AI technologies, digital transitions in the maritime industry, and more.

“

We are very happy with the outcome of this event. We had multiple meetings scheduled with customers and manufacturers that were also exhibiting at this fair and those meetings have since led to several proposal submittals to customers. Without this event, we would not be in the position we are in today with these efforts, our manufacturers and our customers. The relationships built will have a significant impact on our small business for many years to come.
