

TRADE SHOW

# iTsA 2023

October 10–12, 2023 | Nuremburg, Germany

Registration Deadline | August 4, 2023

iTsA 2023 is Europe's largest trade fair for IT security and one of the most important dialogue platforms for IT security solutions. The trade fair covers the entire range of products and services in the field of cybersecurity: hardware, software, training, and consulting services as well as Security as a Service. Important topics include cloud and mobile security, data and network security, the protection of critical infrastructures, and industrial security.

Since 2009, this event has been the meeting place for decision-makers, experts, and IT security officers from all sectors of the economy. The freely accessible lecture program and product-neutral contributions and discussion panels from the iTsA insights series provide trade fair visitors with the latest expertise in the industry.

The iTsA 2023 Trade Show takes place in Germany at the Exhibition Centre Nuremburg.
