

TRADE SHOW

Singapore Air Show

February 3–8, 2026 | Changi Exhibition Centre, Singapore

Registration Deadline | November 21, 2025

Singapore Airshow is Asia's most influential international aerospace and defense exhibition. It is one of the few multi-faceted events in the region that combines both military and commercial aviation in one strategic location. The event offers a unique platform for industry thought leadership through its strategic forums and its co-located exhibition and events. Leading industry players, government representatives, and military chiefs gather at the bi-annual trade show to contribute to dialogues, exchange ideas, and seek solutions and strategies to advance the interests of the global aerospace and defense sector. Stakeholders are able to forge strategic alliances, collaborate for change, and shape the future of the global aviation industry. The 2024 edition of the show had 16 country pavilions and welcomed 50,000+ trade attendees from 135 countries/regions, and 256 VIP delegations from 90 countries with 1,500+ meetings held. There was participation from the top 20 global aerospace and defense companies and the attendance of 150+ commercial and cargo airlines.

“

This event allowed our company to participate/exhibit in a show that we would've otherwise not been able to. We are very grateful for the coordination and execution of a fabulous show from VEDP.
